Experinced Development

Profile and Objectives

I am a dedicated last semester student at BINUS University, majoring in Computer Science, with a strong passion in Programming, Designing and Film-Making. Alongside my academic pursuits, I have developed a keen interest in web3 and blockchain technology. This interest aligns closely with my coursework and has driven me to stay updated with the latest advancements in the field. With a solid foundation in computer science, including relevant knowledge in Mobile / Web Programming, I possess the technical skills and adaptability required to excel in a dynamic work environment. I am eager to leverage my abilities, learn quickly, and contribute positively to an organization while actively working towards my financial goals.
